TEXAS HEREFORD

Official publication of the Texas Hereford Association

June/July 2012 • Vol. 61, No. 8

Mission Statement

The Texas Hereford Association will provide the leadership to unite, foster and protect the interest of the Hereford breed; and promote fairly the production and consumption of Hereford beef universally.

Features

34 A Greek in Athens pursuing his passion
by Eric Griffey

Departments

- 46 Letter from the President
- 48 Letter from the Editor
- 50 Letter from the Auxiliary President
- 52 Letter from the TJHA President
- 72 Calendar of Events
- 73 THA Officers-Directors
- 74 Regional Associations/County Listings
- 76 Membership Directory
- 100 Honorary Members/Leadership
- 111 Index of Advertising

On The Cover

Western artist, saddle maker and friend of Texas Hereford Association, Bob Moline, furnished the artwork for this month's cover. His art and saddles can be seen in his Fort Worth gallery and saddle shop.

The Best Herd Bulls You Don't Know... Yet

Harland's best son? It's hard to argue with his record.

His first calf crop ratioed BW 97.1, WW 101.9, YW 101.2, REA 102.6 and MARB 108.6.

* 9038W has the best balance of traits of any bull that we have raised. We have used him for two years on heifers and his birth weights and calving ease have been excellent. His calves then have above average growth, loads of eye appeal, excellent pigment, nice muscle and powerful carcass data. Semen is available and his first sons will be a feature of our fall production sale.

Powerful growth, carcass and maternal

His first calf crop ratioed BW 100.4, WW 105.4, YW 102.9, REA 104.3 and MARB 102.

IMR 738T Adobe Walls 9051W ET
42990495

• This son of Churchill Dutch adds extra muscle and overall dimension. His dam was a beautiful Line One cow that came from Holden Herefords and was sired by HH Advance 932J 1ET. We lost Adobe Walls this year to a breeding injury and had not collected semen. We will have sons in our sale this fall and next.

Survival skills.

Going into 2012 with most of our herd intact – despite a record-setting drought.

UPS NEON 6198 - 42749778 • Very popular in the Hereford breed Neons have brought lots of muscle and structure to herds throughout the country. Our Neon, 6198, has helped us by giving more correctness in our calves stature. They are very powerful in appearance with lots of eye pigment. We purchased him from Upstream Hereford Ranch in 2008 and now have a good many females in production at the ranch. Our customers have shown a real preference for his sons.

BB 1065 DOMINO 5077 - 42600444 • Pretty hard not to notice his frame. He's been on the ranch since 2006 and still as sound as ever. Always shows excitement when turned out with the cows even at his age. It seems his sons show the same trait of dependability. He was bought from BB Cattle Co. in 2006 at their sale in Connell, Washington. His dam was sired by BP Landmark 126H which contributes to his size.

BB 013 SANDMAN 7008 - 42786089 • Here's a Sandman, Mark Donald combination that has produced some very reliable offspring. Sandman cattle have been very popular with our customers with strong bone and muscles that provides confidence that cows will get bred even in harsh environments.

SR SAGA 320X – 43105156 • Now seeing the first of his calves, they are what we were hoping for. He is a son of CJH Harland 408, a popular bull in the Hereford breed and has mixed well with our other bloodlines. Watch for his sons especially out of Neon females. This looks like a great path for our herd to go into the future.

BEEVILLE SALE BULLS

This is just a small group of bulls that we have available for sale at Beeville and private treaty.

P42881955

Dam of Top Shelf and daughter of SHF Progress P20

CHB\$ (higher is better) means that first the bull has performance... weaning weight and yearling weight are big factors balanced by good calving ease. Second, CHB\$ means a good steak... less fat, more marbling and good ribeye area.

Free semen on proven herd sires to new commercial customers.

HH ADVANCE 1098Y • 43173131 • Calved: Jan. 11, 2011

1098Y is a bull whose footnote could go on and on. He combines so many of the traits that we need in the beef industry today. He is 100% pigmented with goggle-eyes on both sides. He has tremendous curve bending EPDs with only a 72 lb. actual BW. His maternal grand-dam is the great 1028L donor cow that has produced over \$200,000 in progeny sales and is still in production at 11 years of age. He is long bodied and thick made with good bone and plenty of volume. 1098Y is a bull who will have a tremendous impact on the Hereford industry worldwide. Australian semen rights owned by Ironbark Herefords, N.S.W. Export semen will be available in fall 2012. Owned with Holden Herefords and Harrison Cattle Co.

Blending

Power and Performance

H5 Solution 064 is one of the most exciting young sires in the breed.

Reg # 43087867, DOB 2/5/2010

The top selling bull at the 2011 Harrell Hereford Ranch Spring Bull Roundup, Solution offers a straight horned pedigree with the ability to moderate BW while adding muscle, volume and performance.

Backed by two great females that are both Dams of Distinction, Solution has the balance, eye appeal and structural correctness to produce high-quality females and herd sire prospects. Dam - WR 106 on 5 calves, Grand-dam WR 107 on 6 calves, Maternal Sister - WR 109 on 3 calves. Solution has been selected for the National Young Herd Sire Test program at the Olson Ranch in Nebraska.

He is the "right kind" for today's market and for developing the next generation of Hereford cattle. Owned with C&M Herefords and Harrell Hereford Ranch.

Semen packages for your purebred and commercial programs are available by calling Kyle Perez with C&M Herefords at 575-403-7971.

CL 1 Dominette 200M
Reg # 42270206, DOB 1/1/2002

Purchased during Mark Cooper's female sale in October 2008, CL 1 Dominette 200M is carrying on the tradition as herd builder, and foundation powerhouse. 200M is a role model female, a DOD, and a 9126 daughter going back to the great "178" cow, a DOD in Cooper's herd. 200M brings the length of body, extra depth of rib, volume, and breed leading maternal attributes to advance our breeding objectives of balancing power and performance. She has been bred to some of the top bulls in the country - look for matings from Mr. Hereford, 860U and H5 Solution 064. Her daughter, Reno Lady, was a Class Winner at the 2011 Fort Worth Stock Show.

200M is scheduled for a flush at TransOva and we will be offering the opportunity to flush her to the bull of your choice in the Fall, 2012. Please contact Neal or Ryan for details.

This bull produces better mamas, not headaches

There's no mama like a Hereford-sired mama. Net income of \$51 more per cow per year and a 7% advantage in conception rate, compared to straight Angus females.* All this from a bull that is known for its fertility and easy-going nature. Hereford bulls — better mamas and no headaches.

Hereford — *gentle bulls* making black better.

Building a Herd on *Balance*

Using up and coming bulls like Helton, Lambeau and Cowboy and combining them with some of the breeds most proven Donors such as Churchill Lady 202, KCF Miss 3008 M73 and staying focused on proven greats like P606, T22L, we are building our herd balancing moderate birth weights, powerful muscle and growth, strong Maternal traits with eye appeal.

A GREEK IN ATHENS

pursuing his passion

by Eric Griffey

At his sprawling Iron Lake Ranch in Athens, Texas, Dimitri Mataragas has amassed a herd consisting of more than 200 head of mostly Hereford cattle. The native of Greece, who grew up in Zurich, Switzerland and came to the United States for graduate school at the University of California at Berkley, developed a love for cattle and agriculture at a young age, watching his grandfather who owned a feed lot. After working 30 years in the oil and gas industry, he retired and is now able to pursue his passion: Hereford cattle.

“After I retired from the oil and gas business, I wanted to raise cattle,” he said. “I always liked the Herefords. It was supposed to start as a hobby just to keep me from vegetating, and now we have close to 200 head – about 100 pure bred, and a 100 commercial cows.”

It was through his long and successful career in the oil and

KCF Bennett 774 R413 daughter with a Helton Heifer Calf at side.

gas business that brought him to Texas, after starting his career out in California.

“I was doing more and more business in Texas while I was living in California, so I moved here in 1989, just to be closer to work,” he said.

For Mataragas, raising cattle and being involved in agriculture is something he’s been passionate about since he was a kid. He first laid eyes on cattle while at his grandfather’s feed lot. And it was love at first sight.

“My grandfather was growing grapes, and he was doing some feeding,” he said. “He started a feed lot, and he had it just for some extra income. He had it for six or seven years, and that was the first time I saw cattle.”

He said it was the calm disposition of the Hereford that drew him to the breed. At his ranch, he uses registered

Herefords to enhance the genetic pool of his offspring and improve the genetics and EPD’s available in his Black Hereford cattle.

Mataragas is blazing his own trail in terms of consistent breeding practices, and has cultivated his own ideas about how to get the best results.

“I’ve only been in the business for four years, and I don’t have the traditions of the old-timers,” he said. “To me a Hereford is a Hereford. It doesn’t matter if it’s horned or polled, so if I can get a polled Hereford with the predictability of the horned animals – that would be my ideal situation.”

His results speak for themselves, as Iron Lake Ranch boasts an impressive assemblage of Black Herefords and award winning Hereford sires. Since the inception of his Black Hereford ranch, Mataragas and his team, including

CRR Helton 980 – 2012 American Royal Grand Champion, co-owned with Coyote Ridge Ranch of Colorado and Churchill Cattle Co. of Montana.

Outcross bred heifer

herd manager David Caraway, have dedicated themselves to quality and use only the top genetic material available. Starting with their herd sires, they look for top-flight producers such as their homozygous Black herd sire, JN Balder 6432 (named Travis) that has been one of the most consistent performers of the Black Hereford breed. They have also added homozygous herd sires JN Balder 8615 and JN Balder 9487. The result of using only the top genetic material is bulls that produce low birth weights and trouble-free calving.

At the ranch's recent "In the Black" sale, he sold seven bulls sired by Travis that averaged \$3,021, including the top selling bull, Iron Man 1015 T, a homozygous Black bull that sold for \$5,150 to G Bar G Ranch of Blossom, TX. He also sold five open heifers that averaged \$2,850 including the top selling open heifer, Iron Lady 001 T, that sold to Triple T Farm, Tim Tarter of Nancy, KY for \$3,400.

In addition to the Black Hereford herd sires, he has added three Hereford bulls that have been approved by the American Black Hereford Association. Adding the bulls, he said, improves the carcass quality and performance of his cattle and also the choice of outcross genetics.

The Hereford bulls in his herd include some well decorated animals, such as CRR Helton, the 2010 Grand Champion bull of the American Royal National Hereford Show, and CCC ILR Wallace the 2011 Reserve Summer Yearling Champion of the National Western and the American Royal. He has also

JN Balder 6432 "Travis" one of our foundation Black Hereford herd sires.

added one of the top performing herd sires from Knoll Crest Farms.

Though he's only been in the Hereford business since 2006, Mataragas's has shown three times and will show a bull at next month's World Hereford Conference in Calgary.

He believes that improvements in breeding have

...award winning Hereford sires

changed the cattle industry to the point where the breeding capabilities are completely different now, as compared to just a few years ago.

"I go to a lot of the shows," he said. "I started in this business after retirement as an amateur in 2006, and animals that would have won then wouldn't even make it in the top 20 today. All of the breeders are doing a great job improving the quality of the animals."

In order to keep up with the latest improvements in both the Hereford and Angus breeds, Mataragas has instituted an F1 herd rebuilding program that includes Hereford heifers purchased from Coyote Ridge Ranch of Colorado (Durango, Ribeye and 713T daughters) and Langford Herefords from Oklahoma that will be bred to the top Angus AI sires, which include the calves of carcass giant, Mytty In Focus. The F1 program will also include Angus heifers purchased from Knoll Crest Farms bred to his Hereford herd sires.

He, like many ranchers, has a unique perspective on the challenges facing cattlemen and ranchers. One of his biggest concerns is the rising cost of feed, fuel and land. He also believes that the recent price drops in input are not going to last long.

"Without question the biggest challenge will be the cost of input," he said, "feed, fuel and land costs. The last couple of years, we've been lucky getting crazy prices. From what I hear from the old timers, that doesn't last long. But sooner or later, the bottleneck will be in the input cost."

Now retired, he spends most of his free time at his ranch in Athens, though retirement for him may not be as languid as it is for some.

"I am theoretically retired," he said, while laughing. "I live on the ranch most of the time. And that's how I enjoy spending my time." ★

Jay Wright
President,
Texas Hereford Association

Wow! What a difference a year makes. Looking back at the 2011 drought, many of us had to become really creative thinkers to survive the lack of water and feed. But, we are survivors and much smarter for it. Ranching and the cattle business is not for the faint of heart.

The directors of the Texas Hereford Association have worked hard to put Herefords at the forefront of the cattle industry. If you have not met these people, I encourage you to do so. They come from all regions of Texas with a diversity of expertise. As president of the Texas Hereford Association I am frequently humbled by the sincere efforts of each board member to do what is best for Texas Hereford ranchers. All of us are constantly looking for ways to promote Herefords and enlist the support of those new to the industry. The current board of directors is always open minded and willing to plan for the future. It is my honor and privilege to be a part of this group.

I am encouraged with the direction the Hereford association is headed with our youth program. The Texas Junior Hereford Association's state show in Belton is a prime example of what is right with the beef industry today. You don't just show up one day and decide to show cattle. It takes commitment, courage, and dedication. At this year's state show, commitment to the Hereford industry was illustrated time and again by the families who brought quality Herefords to the show. The last several years there has been a significant rise in the quality and performance in the show ring. It is encouraging to know that the future of the Hereford association lies in the very capable hands of our youth and

future leaders.

The Texas Hereford Association is rich in history as efficient stewards of the land. No other breed can operate as economically or as efficiently as Herefords. Regarding size, weight gain, and carcass percentage, Herefords far exceed the expectations of many other breeds. When mother-nature hits home, Herefords are known for their adaptability and ability to convert less feed into more pounds than other breeds.

This year has begun with renewed enthusiasm in purchasing Hereford cattle. Sales this year have proven this. The Cowtown Select Sale has become one of the top sales in the United States because of the quality of the cattle offered. The Commercial Female Sale has become an ideal place for commercial cattlemen to purchase large groups of cattle. Commercial and registered Hereford buyers have come to expect this high quality as a good representation of what Texas breeders have to offer. The trend has been set, so we look forward to these events again in 2013. Nominations are currently being submitted for these sales.

The beauty of the Hereford industry is that whether you have a small or large operation, you are a vital link to the success of the THA. Your Herefords need to be seen and well marketed, your perspective needs to be voiced, and every single member needs to know that he or she is well represented by the board of directors.

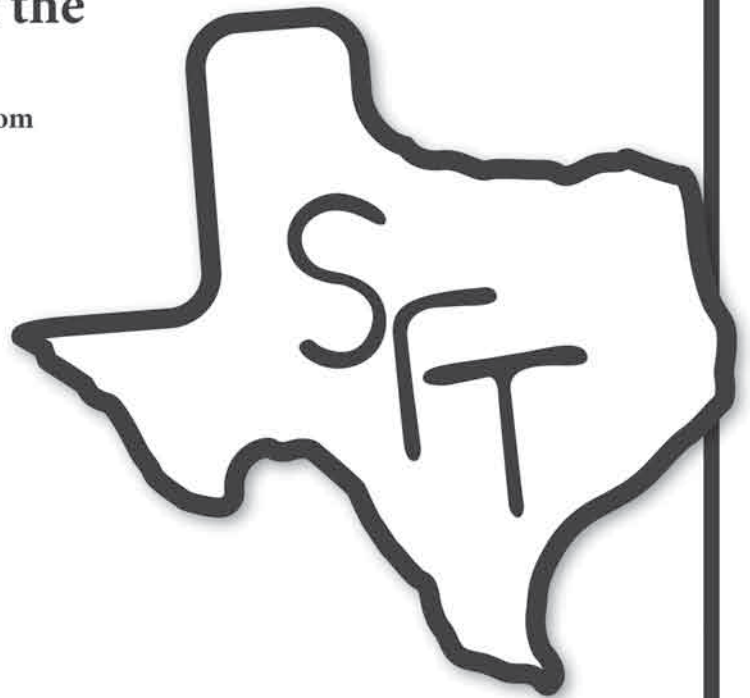

The genetics of the Herefords speak for themselves. If there is anything I can do to help you, please let me know. The Texas Hereford Association is headed in the right direction and with your help, the future looks extremely bright. ★

CELEBRATE ONE OF TEXAS' BRIGHTEST TRADITIONS!

Jack Chastain
Manager/Editor
Texas Hereford magazine

As Texas Hereford Association completes 113th year of service and promotion to the Hereford industry not only in Texas but across the nation, I salute the current members, advertisers and subscribers who support this organization, magazine and breed of cattle. Your perseverance and dedication to the Herefords is a true test of your grit and love for a breed that has far too many traits sorely needed by our beef industry to be put on an endangered breed list by so many “experts” in our business; not withstanding the many honest, hard working people associated with our breed. I challenge you as members and breeders to “Take control of your Market.” The product is here today. The demand is here today. It is up to you to merchandise and sell.

Our Texas weather has challenged our industry in more ways than we have ever seen the past few months. Last years wildfires, wind, hot dry days and less rainfall than ever

recorded since weather records have been taken certainly stretched our members’ resources. Rainfall in the first part of 2012 helped many breeders but has been scarce since mid March. Our Hereford breed can handle this adversity better than all other breeds, but even we have our limitations. Many members were able to hold on to their herds last year but cannot afford a second year of costs associated with purchasing feed to sustain their herds. Let us hope Mother Nature provides us a break from the excessive heat and brings a much needed rain.

Our fall sales were strong and the market continued to improve this spring. Our Fort Worth sales were the best ever. Our junior scholarship program is attracting more participants each year in both sponsors and exhibitors. Our commercial cattle prices have held firm or improved even with the distractions of factors outside the industry. The fact remains that the nations cow herd is still 85 % black hided and AHA records indicate that Herefords supply less that 20% of the bull market. The opportunity is there, but we must earn the bull business by providing a product that will work for our bull customer which in turn will work for his customer which ultimately is the consumer.

Your officers have pushed and challenged your staff to make our organization with its publication and website a stronger voice for Herefords in the southwest as well as a key marketing tool for members and advertisers. We have some lofty goals for both membership and advertising, but must have support and approval from the entire membership to succeed. We utilize a small army of volunteers each month to get the magazine printed; in addition to all other projects undertaken by THA or TJHA. We still sponsor the premier whiteface replacement female sale which will celebrate 44 years in January. We also

co-sponsor the Cowtown Select Sale. We assist the other consignment sales as best we can. All of these sales need consignments as well as buyers. THA hopes to be a source of information to these events. Our “Cattle for Sale” listing for members in the magazine and on the website continues to provide results. I have had numerous calls saying they sold to the first caller but could have sold ten times over what they advertised for sale. Please help yourself by utilizing this service.

Texas still ranks first in number of Hereford cattle registrations and in cows needing bulls. The market is available only if we provide a product and data to support it proving the advantages of Herefords over our competition. I am convinced that we have the product available today. We must work to get our product in the pasture and then from the pasture to the plate. We know what we have. Let us be more aggressive in telling everyone else what we have.

Please save the date of October 24, 2012 for our second annual THA Fall Classic Consignment sale at the Buffalo, Texas Livestock Auction facility. We are accepting consignments of no more than 50 bulls aged 18 months to 36 months in age plus registered and commercial Hereford female consignments. Please let the THA office know by August 15 if you wish to participate.

Before closing, I wish to express my heartfelt thanks and gratitude to Penni Hiles for all she does for THA above and beyond her normal duties. She certainly is a huge part of the smooth operation of THA

I wish to thank every member, advertiser, subscriber and reader for the role they play in providing and using this issue. I trust you will avail yourself to the vast amount of information assembled for your use. We are here to help sellers SELL and buyers BUY. ★

You know Jack...

and his passion for Hereford cattle and their owners.

But, do you know Lyn, Lee and Candace and their shared commitment to the livestock industry? All are degreed scientists who spend their free time ranching in Palo Pinto County.

Jackson Hayes Chastain, the 6th generation of our operation.

Everything Has A Price

Dena Jackson
Auxiliary President
Texas Hereford Association

Remember that everything has a price
Whatever you want in life,
You must give up something to get it.
The greater the value,
the greater the sacrifice required of you.
There are no short cuts to success.
There's a price to pay if you want to make things better,
and a price to pay for just leaving things as they are.
Nothing worthwhile ever comes easily.
Work, continuous work and hard work
is the only way to accomplish results that last.
Use your imagination more than your memory to achieve success.
The highway to success is a toll road.

— *Unknown*

This past year has been a year of great price. Cattle prices were at the best ever and Hereford sales, demand, and quality the best any of us can remember. All the results of a lot of hard work, imagination and sacrifice.

I just attended the TJHA/ TJPHA State show held in Belton, TX and was impressed to see so many new faces, familiar faces and old faces. There is a great future for Hereford youth because of the increase in new members. The Auxiliary's purpose is to promote Hereford cattle and support the youth involved. We need to reach out to these new families, make them feel welcome and get more involved with all the activities available. We had a scholarship go unawarded. There was surely a student out there that needed it but everything has a price; they have to ask for it.

At our annual meeting held during the Fort Worth Stock Show, several new ideas were presented to increase our fundraisers. Please watch for them to be implemented in the near future. The raffle is underway for the Dino Cornay print titled "Troublemaker".

Tickets will be for sale at all the major Hereford functions or contact Brie Perks, Alise Nolan or myself. All the proceeds from this go to funding the scholarships given each year. Shelby Jackson is working on the Christmas cards but doing such a creative project and working with artists takes time. They are going to happen but may not be ready for sale this year.

Since this is my last year on the board, I wish to thank everyone for all the help and support. Nothing worthwhile ever comes easily. I'm afraid to start naming names because so many have worked hard and I'm sure to forget someone but please know I thank you! The success of the Auxiliary is because of the price all have paid. A great big thank you to the Curtis Younts Family for purchasing the western mirror auctioned at the State show. All the proceeds go to Hereford youth and activities.

I look forward to seeing everyone at all the Hereford functions in the months to come and challenge you to get involved. There's a price to pay if you want to make things better. ★

Who are these guys?

We paraphrased this famous line of dialogue from the movie *Butch Cassidy and the Sundance Kid* to make a point. Just like the lawmen in that classic western, these guys are relentless.

And, who are they? They are the men and women in your association who consistently support this magazine (in good times and bad) with their advertising dollars. However, unlike Butch and Sundance, we are extremely grateful for their tenacity.

Thanks guys!

by Harrison Smith
Texas Junior Hereford
Association President

Hello, my name is Harrison Smith and I am proud to be serving as your 2012-2013 Texas Junior Hereford Association President. This fall I will be a junior at Gatesville High School. Besides breeding and exhibiting the best breed of cattle in the world, Herefords: I also am very involved in my county 4-H program, play high school basketball, and enjoy my church youth group. Some of my favorite things are: showing cattle, judging livestock, my church's youth group, and my dogs. This year has been my most successful year in the show-ring and in livestock judging. It makes me proud that all the friendships that I have made since I was eight years old have brought me to this point in my life. Now I am looking forward to giving back to this association that has had such an important impact on my life.

I was eight years old when I bought my first Hereford heifer, and I have raised and showed nothing but Herefords ever since. No other breed has the quality and demand that the Hereford breed has to offer. Every Hereford event that I attend expands my Hereford family. I don't use the term "family" loosely either because I know that everyone I have met in the circle of my Hereford family will be there to guide me through my life as I venture into the cattle industry.

My first state show was in Belton. Everyone was so friendly and the older kids were such great role models to all of the younger kids. They inspired me to do better by helping me in Team

Marketing, Team Fitting, Hereford Quiz Bowl, and even the speech contest. At some point, I set a goal for myself to someday do the same for the younger exhibitors just starting to show Herefords. Now my friends and I have a chance to be role models and mentors to the younger exhibitors. That is how we keep our Hereford Family strong.

As the incoming president of the TJHA, I am excited that I will have the opportunity to give back to the Hereford breed by working with everyone in it. One of my goals is improving our already great association, and getting to know everyone better as I do so. I love the challenges that this office offers me and I am going to strive to exceed your expectations in the upcoming year.

Before I go, I would just like to thank our advisors, Mr. and Mrs. Chaffin, Mr. and Mrs. Chastain, Mr. and Mrs. Reed Stewart, Mr. and Mrs. James Floyd, Dr. and Mrs. John Mehaffey, and Shannon Mehaffey. Also thank you to the TJPHA advisors as well as Mr. and Mrs. Curtis Younts, Mr. and Mrs. John Gunter and Mr. and Mrs. John Gasaway. We look forward to working with our new advisors. Thank you to Lesia Schnitker for taking care of all entries and the show program. All of these allowed us to have such a successful and memorable 2012 State Show. We had an amazing time this year and we are excited about what lies in front of all of us this coming year. ★

Midcontinent Livestock Supplements
*is pleased to be a part of the nutrition program of
these progressive Texas Polled Hereford Breeders.*

McMullin
Ranch

We have great results using the MLS#1 Hi Performance Supple-Lix, the MLS #12 Mineral-Lix, and the #12 with IGR Fly Control tubs. The palatability and consistent consumption of these products leads to a healthier cow herd and more robust set of calves.---Donlie McMullin

We like the “all natural “ ingredient concept of the MLS products. The addition of Amaferm® to all the products allows us to get maximum utilization of our roughage both winter and summer. The added 9 B-Vitamins are an asset in combating stress as well as an aid for the immunity system--- Paul and Danny Funk

The Cattleman

What's the Fastest Way to Reach More Than 18,000 People?
The Cattleman subscribers represent more than 3.4 million cattle.

Pasture talk ...

“Good or bad times, *The Cattleman* is still the best publication to reach more potential buyers across the state of Texas.”

“When buyers cross over the cattle guard, I see *The Cattleman* on the dashboard of their truck more times than not.”

“We receive a better response from ads placed in *The Cattleman* selling bulls private treaty than from any other advertisements.”

***Since 1914, we have been connecting producers
with the commercial cattleman.***

3

Very Large/Balloon Shaped

Very Pendulous/Broken Floor

1

TEAT SIZE

Scores range from 9 (Very Small) to 1 (Very Large, balloon shaped) and are subjective assessments of teat length and circumference.

UDDER SUSPENSION

Scores range from 9 (Very Tight) to 1 (Very Pendulous) and represent assessments of udder support.

HOW TO SCORE

Udder and teat scores should be taken (on the weakest quarter) within 24 hours of calving. Scores should preferably be taken by the same person throughout the calving season.

CALVING EASE SCORES

- 1** No difficulty/no assistance
- 2** Minor difficulty/some assistance
- 3** Major difficulty/calf puller used
- 4** C-section
- 5** Abnormal presentation
- 6** Calf born dead/died shortly after birth
- 7** Aborted
- 8** Open
- 9** Dam died, calving difficulty
- 10** ET donor dam, no calf reported
- 11** Recipient dam, ET calf not reported
- 12** Multi-owned dam, data reported in another herd

HEREFORD GESTATION TABLE

This table is based on 285-day gestations. It applies to non-leap years.
For leap year, subtract one day after February 28.

YEARLING ADJUSTMENT FORMULAS

365-DAY ADJUSTMENT FORMULAS

$$\text{Adj. 365-day wt.} = \frac{\text{Actual yearling wt.} - \text{Actual weaning wt.}}{\text{Number of days between weighings}}$$

$$\begin{aligned} & \times 160 \\ & + \text{Adj. 205-day wt.} \end{aligned}$$

$$\text{Adj. 365-day wt. ratio} = \frac{\text{Individual's adjusted 365-day wt.}}{\text{Average 365-day wt.*}} \times 100$$

452-DAY ADJUSTMENT FORMULAS

$$\text{Adj. 452-day wt.} = \frac{\text{Actual long yearling wt.} - \text{Actual weaning wt.}}{\text{Number of days between weighings}}$$

$$\begin{aligned} & \times 247 \\ & + \text{Adj. 205-day wt.} \end{aligned}$$

$$\text{Adj. 452-day wt. ratio} = \frac{\text{Individual's adjusted 452-day wt.}}{\text{Average 452-day wt.*}} \times 100$$

* 205-day wt. ¹ + 160 (post-weaning average daily gain)²

¹ This is the average 205-day weight for all calves of the same sex and management code in the weaning group-even those culled or sorted off at weaning.

² This is the post-weaning average daily gain of only those calves of the same sex and management code included in the yearling group.

* 205-day wt. ¹ + 247 (post-weaning average daily gain)²

¹ This is the average 205-day weight for all calves of the same sex and management code in the weaning group-even those culled or sorted off at weaning.

² This is the post-weaning average daily gain of only those calves of the same sex and management code included in the yearling group.

Advantages of THA Membership

SERVICE – The Texas Hereford Association is a service organization to benefit the Hereford breed and the breeder.

Members are assisted in buying and selling cattle at private treaty and by auction.

The Texas Hereford Association sponsors the Commercial Hereford Heifer Show and Sale and the Texas Select Sale. These sales promote the use of better Hereford bulls and females. The Texas Hereford Association is also actively engaged in the promotion of Texas Herefords and in sponsoring seminars, field days, and other events to encourage educational opportunities for members.

ASSOCIATION – The Texas Hereford Association was organized in 1899. Its membership has included the elite of the Texas Hereford industry since its inception. First year membership dues are \$95.00. Dues for active membership after the first year are \$95.00 plus a \$1.00 per head assessment on calves registered the previous year, less those steered, etc. Associate memberships are available for \$75.00 per year. Each member receives an attractive membership certificate.

DIRECTORY ISSUE – Every active member of the Texas Hereford Association has a free listing in the Directory issue of *The Texas Hereford*. This Directory is used by thousands of Hereford breeders the year round. Information pertaining to your herd such as herd sires, bloodlines, location of farm or ranch, telephone numbers, etc., will be listed in this widely used reference book. This herd listing alone is worth the price of membership. Associate members are also listed.

THE TEXAS HEREFORD – Monthly publication of the Texas Hereford Association. It is the only publication in Texas devoted solely to Herefords. It includes news about the association, news about Herefords, and timely editorial features. Active members can list Herefords for sale **FREE** in the Herefords For Sale column. This service has been responsible for selling thousands of Texas Herefords all over the nation. Texas Hereford Association members may advertise in *The Texas Hereford* at low livestock rates – a considerable savings for your marketing program. Sale catalogs, brochures, flyers, and other marketing aids designed and produced by our professional staff at considerable savings. (Advertising rates will be sent on request.)

***The Most Important Investment
You Can Make As A Registered
Hereford Breeder is a
Membership in the
Texas Hereford Association.***

Application for Membership TEXAS HEREFORD ASSOCIATION

ACTIVE Membership Application

I hereby make application for membership in THE TEXAS HEREFORD ASSOCIATION.

Upon becoming a member, I will abide by the constitution and By-Laws of the Association and also the rules of the American Hereford Association.

I am the owner of head of registered Herefords and head of commercial cattle.

Attached hereto is remittance of Ninety-five Dollars (\$95.00 covering membership fee and dues for the first year). Dues for active membership after the first year are \$95.00 plus \$1.00 per head assessment on calves registered the previous year (Less those steered, etc.). Dues include a subscription to the magazine.

**INTRODUCING
OUR NEW
POLLED SIGN –
NOW
AVAILABLE**

Hereford Spoken Here

That's exactly the message that this sizable sign projects!

Constructed of sturdy 16 gauge steel and finished with a baked porcelain enamel, it will stand up to all weather conditions! Three colors – green, white and maroon – make each one a rich display of the Hereford breed.

**The sign is available in two sizes:
30" tall x 38" wide or
38" tall x 60" wide**

Name panels 10" tall are available for one -two lines and 14" tall for three lines.

**Please send completed form and check to:
Texas Hereford Association
4609 Airport Freeway
Fort Worth, Texas 76117**

Make Fort Worth a "Must Do" event in 2013

44th Annual Premium Whiteface Replacement Female Show and Sale Sunday, February 3, 2013

Our 44th Annual sale will be a great event. The demand for Hereford females is at an all-time high and this should be the source for some of the best Hereford genetics offered in the State of Texas.

Make "Super Hereford Weekend" an educational and entertaining event by attending the Annual Meeting and social of Texas Hereford Association, & the National Hereford Show.

Special Rules:

1. All consignors must be active or associate members of the Texas Hereford Association.
2. Animals must be in their pens not later than 6:00 p.m. Friday, February 1, 2013.
3. All animals will be shown in pens of ten

(10) by classes and placed by judges at 9:00 a.m., Saturday, February 2, 2013.

4. All females entered will be sold in the Hereford Sale at 1:00 p.m., Sunday, February 3, 2013.
5. Pen and Sale Fees: an entry fee of \$10.00/head is due on November 1, 2012. A seven (7) percent sale fee will be assessed at the sale. This fee includes all Stock Show pen fees and sale costs. No refunds after entries close.
6. Health requirements: all females entered in this division must meet regulations of the Texas Animal Health Commission and must be accompanied by an official health certificate.
7. Registered heifers are eligible. Minimal grooming is encouraged.

**Hereford Weekend
Southwestern
Exposition and
Livestock Show
Feb. 2-4, 2013**

**Send us your best
Hereford heifers...**

Call for entries.

Deadline for entries – November 1, 2012.

The Desert Mart B·H·P Sale

November 15, 2012

If they perform like this straight, imagine how well the cross will work.

Yes, cattle producers the **Best Heterosis Possible** Sale is your best way to more profit. Here's why:

Herefords provide the **Best Heterosis Possible** boost. While crossbreeding remains our industry's only "free lunch;" recent Clay Center research proves that Hereford is the **most** profitable choice to cross with the majority of today's cowherd.

Desert☆Mart Herefords are

real-world. As unpredictable as weather and economic conditions are, more and more cattle folk are demanding cattle that can flourish "where-corn-don't-grow!"

Desert☆Mart Herefords are bold and fresh. Unique lineage concentration and in combinations found here alone. For example, individuals will sell that trace back more than 10 times to a single outstanding sire. The "reach" possibilities are simply explosive

when using these power genetics!

Desert☆Mart Herefords breed true. Tested by time (since 1902), technology (all data inputs are plugged in), and terrain (plenty of hills, canyons and rocks). Additionally many of our our main herd sires have dams that were productive for 11 to 19 years of age!

To gather the most dollars...

Plan to attend the

B·H·P *Sale on November 15, 2012*
